Mr. Hobbs received a standing ovation from the towns people.

Article II. Chairman Barbara Luther presented the

1960 Budget with total expenditures of $68,828.23 as prepared by the Municipal Budget Committee, which committee was appointed in 1959 by the Moderator as a result of the town's voting to adopt the Municipal Budget Law that same year.

Mrs. Luther stated that the County Tax had been treated as a separate item this year and wasn't included in the Town Budget.

Selectman Martin W. Whenal stated that an additional $15,000 would have to be raised by the town to cover the County Tax.

William P. Fowler moved that $250 be added to the Town Budget for the Seacoast Regional Society. It was a vote.

Francis W. Harney, Jr. stated that the appropriation for the Police Department would not provide an adequate salary for himself, wages for additional officers or for needed equipment. He asked for an additional appropriation of $1,070. Robert V. Lessard made a motion that the Police Department Budget appropriation be increased by $1,070. making a total appropriation of $8,070. This article was voted by ballot. Total votes cast: 193; Yes 165, No. 28. It was a vote.

Moderator Leavitt appointed Richard A. Nelson, Charles V. Goodhue and Forest B. Griffin as tellers for the evening.

Fire Ward Curtis D. Marston stated that the three permanent firemen were getting a very low salary and requested an additional $750 appropriation for the Fire Department in order to give these men a raise. Mr. Marston made the motion that the Fire Department Budget appropriation be increased by $750 making a total appropriation of $19,500. Total votes cast: 178; Yes 139, No 39. It was a vote.

Barbara Luther moved that as the Police Chief and Firemen were getting a raise in salary that the Employees' Retirement and Social Security appropriation would have to be increased by $75.60, $30.60 for the Police Department and $45.00 for the Fire Department. It was so voted.

William P. Fowler moved that the town raise such sums of money set forth in the 1960 Town Budget as presented by the Budget Committee plus the increase of $250 for the Seacoast Regional Society, $1,070 for the Police Department, $750 for the Fire Department and $75.60 for Employees' Retirement and Social Security, making a total of $70,973.83. It was a vote.

Article VII. Martin W. Whenal moved that this article be passed as read. It was a vote.

Article VIII. On motion of Martin W. Whenal it was voted that this article be accepted as read.

Article IX. As a separate article regarding a five per cent discount on taxes had been omitted from the 1960 Town Warrant, Martin W. Whenal moved that the Town allow a five per cent discount on taxes paid on or before a certain date designated by the Selectmen. It was a vote.

Robert V. Lessard moved that a special committee be appointed to look into the matter of town rubbish collection and for that committee to report at the next annual town meeting. It was not a vote.

Philip Boothby stated that as taxes would most probably continue to increase that the town should look for another source of income in addition to real estate taxes. He said he felt the town should try to interest an attractive commercial enterprise or industry into locating here. Mr. Boothby moved that the Moderator appoint a committee of five to be a Sub Committee working with the Planning Board for Industrial Growth. It was a vote. Moderator Leavitt appointed Philip Boothby, Richard Nelson, James K. Leavitt, Byron Kirby and Rolf Quarck to the committee.

Carroll M. Fogg stated that Fred C. Leavitt was attending his sixty-sixth consecutive annual Town Meeting. Mr. Leavitt received a standing round of applause. Mr. Leavitt became interestingly reminiscent as he recollected a few outstanding events at the North Hampton Town Meetings which he had attended as a boy.

Laurence A. Martin moved that $1,000 be appropriated for the Recreational Program held during the summer at the school. This was voted by ballot. Ballots cast: 162; Yes 74, No 88. It was not a vote.

William P. Fowler urged everyone present at the Town Meeting to attend the forthcoming North Hampton School Meeting and the Hampton Cooperative High School Meeting as money voted at these meetings affect the tax rate just as does money voted at the Town Meeting.

Raymond O. Hobbs, speaking for the Mosquito Control Committee, stated that no appropriation had been made

for mosquito control in 1960 in order to save the town some money.

Mr. Hobbs also stated that there is a balance of $280.78 for the control of Dutch Elm Disease this year.

Raymond O. Hobbs reported for the committee looking into the establishment of a tablet honoring the Revolutionary and Korean War Veterans. He said it would be necessary for the committee to take another year in order to get the list of names for this tablet correct. The approximate cost for such a tablet will be $150 and an appropriation for same will be requested next year.

Raymond O. Hobbs also reported for the committee appointed to look into the establishment of markers at the site of the first town hall and church in the town. He said the location for these markers had been sited as accurately as possible on what was called the Village Green at the Center and the cost for same would be approximately $100 to $125. He stated that the committee recommended that this be considered in 1961.

Jan Staalenburg moved that the townspeople give Martin W. Whenal a standing vote of thanks for the splendid job he has done for the past several years as Selectman.

Lewis Haven moved that the meeting be adjourned, and it was so voted.

The meeting adjourned at 10:00 p.m.

REPORT OF THE FIRE DEPARTMENT

To the citizens of North Hampton:

During the year of 1960 twenty-seven calls for assistance were answered, of these calls twenty were in town and seven were calls for Mutual Aid Assistance out to other towns as follows: one to Rye, two to Hampton Beach, one to Hampton, two to Portsmouth, and one to Hampton Falls.

The estimated fire loss during the year of 1960 amounted to $525.00, which was much less than previous years, and has shown that the citizens are more fire conscious. (Good housekeeping is good fire prevention.)

The members of the Firemen's Association have donated the sum of $202.50 for the purchase of protective clothing through their fund raising programs.

There were eleven firemen who attended the Fire Training School at the Meadowood Fire School at Troy, N. H., sponsored by the New Hampshire Fire Chiefs Club of New Hampshire.

On September 23, 1960, with the school principal, Mr. Raymond, we made an inspection of the school and on October 10, 1960, during Fire Prevention Week, a combined Fire Drill was held at the school with the school children and the firemen taking part. This was very successful and also beneficial to the children. The Fire Department has been granted the use of a Chevrolet pick-up truck from the New Hampshire Forestry Department to maintain and to be used by the Fire Department for fire purposes only for which we are grateful.

I would like to remind all persons kindling any outside fires that they must have a burning permit to do so. These permits can be had from the Fire Station on request, pending on the weather conditions.

CURTIS D. MARSTON, Chief
North Hampton Volunteer Fire Department

NORTH HAMPTON POLICE DEPARTMENT

February 8, 1961

Town Report:

This is the first report for the Town Report to be offered by the Police Department. Much has been accomplished in the past two years to improve this department's service to the community.

We have an office located in the Town buildings where records are maintained, an area for conferences and storage, and in the outer area the Fire Department maintains the phone and radios. It is through this type of cooperation we are able to keep a more flexible service through mobile type activity.

This department is not endowed with a great deal of equipment as is emphasized by the amount of personal equipment each individual has contributed at his own expense, namely vehicles, protective equipment, record materials, etc. At this time, the department consists of one full time man, and four specials. This is misleading because for the most part these specials contribute more service than they are compensated for. Because of the financial situation, only two of these are utilized mostly in the summer time, although it is pressing for this department to have more manpower. This condition leaves this department at the mercy of their availability, and this results in less efficiency in our service to you people.

The work load for this past year, as shown on a comparative basis, indicates the tremendous load for one person to handle. We are able to show this because of the effort put into keeping accurate records on all activities this department handles. It is a concrete basis to show you the taxpayer how and where our time and money is applied, and it also indicates trends through which we may be prepared to meet coming activities.

Our patrol activity has improved to some degree, but is far from desirable, restricted by lack of manpower and the high cost of vehicle rental. It shall be the effort this year to improve in these areas, to determine our minimum needs and apply these at the most efficient ways we can find.

I wish to extend my deep appreciation to Ralph O'Connor, Bart Seavey, Bud Scott, and Bob Luther, for their unselfish contribution of time and equipment to meet the demands this past year, to the Fire Department for their assistance in the phone and radio coverage, and also the times they offered manpower and equipment to assist this department, and to the towns people for their assistance, undertanding to our problems, and the facilities you have provided.

FRANCIS W. HARNEY, JR., Chief

RECREATION COMMITTEE REPORT

The Summer Recreation Program was continued for a fourth year due to the generous support of the Fuller Foundation whose contribution financed the entire program for 1960.

Mr. Robert L. Luther has supervised the program since its inception date (1957) and again Mr. Luther performed an excellent job. The Arts & Crafts program was expanded with the able instruction and supervision of Mrs. Emilyn Sewall, Mr. Luther's assistant.

The program was conducted five days a week for eight weeks during the Summer months. Over 70 children between the ages of six and fourteen signed up for the program and the average daily attendance was about 50 boys and girls.

The Recreation Committee wishes to thank the Fuller Foundation, parents and interested citizens of the community for their kind support of the program.

Respectfully submitted,

LAURENCE A. MARTIN,

Chairman, Recreation Committee

REPORT OF LIBRARY TRUSTEES

The trustees are appreciative of the increasing interest in the library as evidenced by the many gifts from individuals and organizations and the growing number of workers offering their services for workshops and projects.

The interior of the library was painted, card files and a screen door were purchased and storage shelves built in the attic, the labor on the shelves contributed by Mr. George Craig.

Some outstanding additions were made to the reference collection. Notable was the gift of the World Book Encyclopedia from the North Hampton Grange. The trustees purchased the Collier's Encyclopedia and the Standard Catalog for Public Libraries.

During National Library Week more than two hundred libraries throughout the state entered a contest, sponsored by the State Library, for the best observance of Library Week. Among our projects were coffee hours, sponsored by the Women's Fellowship, the Home Demonstration Group, and the Senior and Junior Women's Clubs. Special exhibits were provided by the 4-H Club and the Boy and Girl Scouts. An essay contest was conducted for school children and many individuals exhibited hobbies. The library won an honorable mention and a valuable volume of poetry.

A "Friends of the Library" group was organized as a result of the work groups in the library and at the conclusion of the activities of the Library Services project of the North Hampton Woman's Club. This organization is open to the public. Anyone interested in expanding library services is invited to join. The Friends, in addition to spending many hours working

on the picture and pamphlet files, mending books and processing books for circulation sponsored the following special projects during the past year: story hours, an organized tour of old homes, open house during Childrens' Book Week and the provision of fresh flowers or dried bouquets at all times.

The Bush and Bud Garden Club decorated the library for Christmas and sponsored the lighted community tree which was purchased with donations from the Woman's Club and the selectmen.

During the past year the librarian and trustees have attended all district meetings sponsored by the State Library. The chairman of trustees attended the annual meeting of the New Hampshire Library Trustees' Association where the North Hampton Library was one of two libraries selected from the state to receive an award of merit. This was the first time such citations were given and the trustees feel it is a tribute to the librarian and the many interested citizens who have supported and encouraged the work of the library.

In the near future consideration should be given to expanding the library building. There is a definite shortage of space for new books and magazines and lack of room for services which modern libraries are expected to provide, such as story hours, film programs, young adult and adult discussion groups and exhibits.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the
School District of North Hampton:

"I view education as the most important subject we as a people can be engagd in." — Abraham Lincoln

I wish to take a few moments of your time to submit my third and final report as your Superintendent. I have considered it a privilege to serve you. Whatever success has been achieved during my administration is a direct result of the fine cooperation granted me by the people of North Hampton. I wish you and your schools the best of success in the future.

Your school is attempting to keep pace with the progress in education. Your staff is more competent, there is additional equipment for its use, and the services have been improved or increased. This, I think, is the pattern of the future. Our schools will become more costly but they will also become more effective.

Once again North Hampton found it necessary to secure a replacement for its Principal. Mr. Arvin Miller, Principal for the year 1959-1960, received a fine opportunity in a Connecticut school system and left our service at the close of the fiscal year. I was sorry to see him depart for I feel that he is very capable and his services held much promise for the North Hampton school.

However, the availability of Mr. E. Russell Raymond, former Helping Teacher in Supervisory Union No. 10, Derry, New Hampshire, proved to be fortunate for your School Board. One of several fine candidates, Mr. Raymond has continued the fine administration of his predecessors and has improved several areas. The applica-

tion of his vast experience as Teacher and Principal portends a fine future for the students of North Hampton.

The reduction in the size of the staff, recommended by the Budget Committee and adopted by the School District, resulted in some cut-back in the offerings at the Junior High level. All three Teachers are required to make a preparation in a third subject area and this activity, while not readily seen by the public, is a deterrant to instruction. It is my hope that the Budget Committee will accept the School Board's recommendation that an additional Teacher be provided for the forthcoming year.

The 1961-62 budget, as prepared by the School Board, shows an increase in several areas. This is to be expected because your school is increasing in student population.

The largest increase is in Teacher's salaries with a large portion of that absorbed in the provision for an additional Teacher. The basic salary increase is created by a $200 adjustment in the minimum salary (from $3,600 to $3,800) plus the regular increment. While this upward revision is an improvement over previous schedules it does not match that recommended for approval in neighboring school districts, one of which already has a $4,000 "minimum" and two of which are recommending a $4,000 "minimum". I had hoped that North Hampton would join that group.

Another increase in the budget is occasioned by a recommendation for clerical help for the Principal and the school. This is becoming more and more vital and is a service recently provided in both the Seabrook and Rye school systems. Deemed unnecessary by some and undesirable by still others, the allocation of routine clerical chores to a qualified secretary relieves the Prin-

cipal for activities more within the nature of his training and purpose. The modest sum requested will provide a limited amount of assistance which, though small, will be welcome.

Another innovation is the incorporation of funds for transportation to provide for five additional school days. It has long been my belief that the "school year" needs to be extended and the School Board has accepted my recommendation that it be increased from 180 days to 185 days. The need for more time to teach and to learn is manifest; wishing for it will never replace actually getting it. Thus, this action.

Supervisory Union No. 21 will remain as presently constituted, the sixth largest educational unit in New Hampshire. Efforts to reduce its size did not meet with success and it is unlikely that anything will be done until action is taken by the legislature to provide more Superintendents. Many of the School Board members feel that there is a need for both a reduction in size and aid in the form of an Assistant to the Superintendent.

The latter item will again be included in an article for the School Warrant. It merits your support and I hope it will be forthcoming.

If there is a basic fault with the American system of public education it may well be that it is due to an over-emphasis on "services" as opposed to "instruction". Citizens tend to be far more disturbed about a seat on the bus than they are about a seat in the classroom; and with the quality of the lunch program rather than the quality of the learning process. Our aim, during the past three years, has been to accentuate the act of teaching and to up-grade the body of knowledge to be taught. A start has been made with the activities of curriculum committees in the areas of science and arith-

metic. Much more needs to be done and I'm certain that it will.

We cannot expect, nor can we afford, to teach more and more to larger and larger groups without altering both our methods and materials.

I wish to express my appreciation to all who have assisted with the functioning of the North Hampton school. Staff members, School Board, Budget Committee, volunteer aides, interested citizens and, of course, the personnel of the central office with special mention of Miss Leota Whitcomb, Helping Teacher, and Miss Edith Hammond, Executive Assistant, all share in the progress that has been accomplished.

I have enjoyed my service with you and shall always be grateful for your part in the granting of the matchless opportunities that have come my way. Again, my best wishes for the future success of your school and community.

Respectfully submitted,

C. M. GREEN,

January 3, 1961 Superintendent of Schools

REPORT OF SCHOOL NURSE

To the Superintendent of Schools and the
School Board of North Hampton:

The North Hampton School is visited by me two days each week.

All pupils are given annual vision tests, and are weighed and measured.

Thirty-one children were found needing complete vision check-ups. All received the necessary treatment.

Much time is spent in making home contacts for the purpose of follow-ups. For example, in urging medical care of defects, or in transporting ill pupils from the school to the home. A total of 243 home contacts were made by me in 1960.

Classrooms are visited weekly and health problems are discussed.

Hearing tests are done on children of the first, third, fifth, seventh, and eighth grades.

In June a pre-school clinic and registration day was held. Physical examinations were done on thirty-two children by school physician, Dr. Charles B. Bailey. These children were also weighed and measured and their complete health records were made out.

Physical exams were done on pupils of the fourth and seventh grades and also those who planned on participating in sports.

All first grade students were Patch Tested for Tuberculosis. Everyone had a negative reaction.

Eight pupils were referred to the Rehabilitation Center in Portsmouth, N. H. These children are receiving speech therapy each week.

I wish to thank everyone for any assistance given me during the past year.

Respectfully submitted,
JESSIE M. MANSOURIAN, R.N.
School Nurse
